*The music for wedding was perfectly suited to all our guests. Everyone was raving about the lil extra activities that Alec planned and pulled off with much applause...and laughter...We feel that we as well as our guests will remember the day, as one with much laughter and a lot of fun. .Speaking with people in the days after the reception, many commented on how their requests were played and how that doesn't happen that often,. Thank you very much Alec...I have referred you to our company social club as well as a coworker who is planning a wedding next year...You did a fantabulous job for us...and our treasured guests*
